ANESTHESIOLOGY. See MEDICINE (table: Kinds of Medical Specialty Fields).

ANEURYSM, *AN you riz'm*, is a weakening of the walls of an artery or vein so that it balloons out. Aneurysms are sometimes named for their shape. *Sac-cular* aneurysms are sack-shaped or pouch-shaped. *Fusi-form* aneurysms look like spindles, and *cylindroid* ones like cylinders. But often aneurysms are named for the condition they cause. For example, an *arteriovenous* aneurysm allows a vein and artery to open into one another.

Perhaps the most painful of all is the *dissecting* aneurysm. This type occurs when a patch of *arteriosclerotic* (hardened) material on the blood vessel wall gives way, leaving openings between layers of the vessel's wall. Blood flows between these layers and separates them.

Aneurysms can form anywhere in the vessels, but they are found most commonly in the blood vessels of the brain and in the *aorta*, the main vessel for arterial blood. Doctors can operate to replace the aneurysm with a section of aorta that has been preserved or with a plastic tube.

ANGEL, *ATN jul*, is the name for spiritual beings who are messengers of God. The word is Greek in origin and means *messenger*. Angels are said to be immortal spirits that live in Heaven. Dionysius the Areopagite in the A.D. 400's set up a ranking of heavenly beings. He believed there were nine orders, of which angels were the

Dear Ray,

It is with great urgency that I share with you our Mission's present financial needs. Even though our nation is experiencing an economic upturn, the last two months have been financially taxing for us. We have experienced many client needs, i.e., hearing aids, glasses, medical needs, etc., in addition to transportation vehicle and equipment breakdowns. Also, as occurs every summer, our supporters have gone on vacation or are out recreating, resulting in the "summer slump." This has caused a short fall of several thousand dollars in May and June.

I wish I could tell you the needs of the homeless are only at Thanksgiving and Christmas. That's just not the case! Their needs continue all year long! They need your help now more than ever!

Your generosity could help produce the financial turning point of this Ministry as well as the on going progress of our "Second Chance Ranch" in Box Elder County, which is having great success changing lives.

We plan to harvest our first major crop of Indian Rice Grass & Alfalfa this fall—please pray for that.

We hope someday to receive good income from what this Ranch produces

Right now! We use the eggs produced from our ranch chickens to feed breakfast in Pioneer park every morning.

All of us at the Salt Lake City Mission are dedicated to the needs of the less fortunate of our community. We've worked hard these years to provide this kind of comprehensive care to anyone with a desire to change.

With your additional support we will keep doing what God has called us to do—together moving forward--together changing lives one life at a time.

In His Service,

In Jesus Christ, I remain forever,
